YVCOG CMAQ and CRP Application

Mayor explained that this is a grant to do maintenance to sidewalk, pathways etc. If you look at the map we are looking at the sidewalk right in front of the laundry mat down that street because that sidewalk is hazardous. What we will do is mirroring the Main St Phase 2 plans. The grant is through YVCOG, we are here presenting this to you for your consideration to approve this application. Councilmember Stonemetz asked if this was for roads as well and Mayor explained it is only for pathways and sidewalks. Mayor explained that they considered the dinosaur park pathway near the pond but it was a great amount of money so I would think the sidewalk option was better to pursue.

Yakima Humane Society-Animal Sheltering Services Agreement

The City Clerk explained that this agreement is to allow community members to be able to take a dog to the humane society for no cost and no cost to the city. Yakima Humane Society will take dogs in if they have space for them. This will also help the City to have less dogs in our impound as well, this agreement as no cost and it is something we would have to renew annually.

GRANGER CITY COUNCIL WORKSHOP

HLA Agreement for Professional Services

The mayor explained that every three years we go through the process to acquire engineering services. Last year was our last year and we needed to attain a new contract and HLA were the only ones to reach out, that was okay we like the work they do, and they are a very great partnership to have in the development of our city. So, this is a request to continue services with them for three years.
